

A scenic photograph of a golf course under a bright blue sky with scattered white clouds. In the foreground, a lush green fairway curves along a small, rocky stream. A stone retaining wall separates the fairway from a green that is partially obscured by the stream. In the background, a clubhouse with a brown roof and a chimney is nestled among dense green trees. The overall atmosphere is peaceful and well-maintained.

Oakridge Country Club

Book Of Golf
2026

Dear members,

Welcome to the 2026 golf season at Oakridge Country Club. The following book is designed to give each member a place to review policies and procedures that affect play at Oakridge as well as an easy reference guide for planning your golf activities here at the club.

The aim of the 2026 calendar of events is to honor the traditions of Oakridge, introduce new events, formats, and get information to the membership so members can plan their participation at the club and utilize your membership to its fullest. You will find a schedule of events in this book that will include the format, entry fee, and other pertinent information regarding the event. We will give an estimated time that the course will be available for general play based on previous year's event participation.

The golf staff at Oakridge will continue to schedule tee times for the 2026 season. Members will be able to make tee-times up to 4 days in advance online, the Oakridge website, mobile app, by calling the golf shop, or in person.

This year all members and their guests will check in with a member of the staff at the gazebo or the golf shop to ensure accuracy with our tee-sheet. We always welcome each member to come into the golf shop and check in and visit with the professional staff for a moment.

Please review this book in its entirety and call the golf shop 801.451.2281 if you have any questions or need clarification. The better each member understands the information within the book the smoother our collective rounds of golf will be. We look forward to a great 2026 at Oakridge.

Sincerely,

Eric Johnson, PGA
Director of Golf

CLUB REPAIR / FITTING

Oakridge Country Club doesn't offer a full range of club repair however we do regrip clubs and fix minor club issues like heads coming loose from the shaft, shortening or lengthening golf clubs. We can arrange to have broken clubs sent back to the manufacturer if they are under warranty (usually with-in 2 years of purchase). We do not have shafts here at the club that we can repair clubs with. Broken clubs that are not under warranty should be taken by the member to a local repair shop such as Uinta Golf. We host a multi-vendor Demo Day in the Spring (Mid-April) of each year. We encourage all members to attend and see what is new in the manufacturer lines and to get fit for the new equipment.

BOARD APPROVED LEAGUES

The Board of Directors has granted certain leagues the opportunity to set up tee-times in advance of the general membership. All groups must maintain a minimum of 3 groups of players to keep this designation. These times are built into the tee sheet as blocks. Members of each league receive an invite to the league game 1 week in advance of the game via Golf Genius. Members of the league have up to 48 hours prior to the day of play to register for the game. At the 48-hour mark prior to the game, a member of the golf shop staff will move the signed up members from Golf Genius onto the tee-sheet block. At that point, the unused blocks, if any, will be released back to the membership. Members who are late signing up may take any open or unused spots but if the spots are full, they will not be allowed to play in the league that day.

GENERAL GOLF RULES

In order to ensure an enjoyable round of golf at Oakridge, the Club has established a recommended pace of play of 3 hours and 45 minutes for 18 holes. This applies to all players on the course, regardless of the number of players in the group. Slower players shall allow faster players through so long as it doesn't cause undo delay and there is open space in front of the slower group. Keep in mind that a foursome has priority over a threesome, that has priority over a twosome, and all have priority over single players. See "Traffic on Course" section for further explanation.

1. The Rules of Golf as adopted by the USGA shall be the rules of the Club, except when in conflict with local rules or with any of the rules herein.

2. All players must check in with the Golf Shop before beginning play. Under no circumstance are players permitted to start play from hole #10 without golf shop approval.
3. Practice is not allowed on the golf course. The practice facilities should be used for this purpose.
4. Enter and leave bunkers at the nearest low point and smooth sand over with a rake upon leaving.
5. Repair all ball marks on the green. Replace all divots or fill with sand provided.
6. Searching for golf balls other than those played by Members of the group is not allowed on the course at any time.
7. Each player must have his or her own set of golf clubs, the golf shop does not provide rental clubs to guests.
8. No beverage coolers are permitted on the course, unless provided by the Club.
9. Range balls - under no circumstance should golf balls be taken from the practice facility and used on the course.
10. Fishing, jogging, bicycling, skiing, and recreational walking is not permitted on the golf course at any time.

GOLF CART RULES

1. Golf carts shall not be used by a Member or Guest on the club facilities without proper assignment and registration in the Golf Shop.
2. Golf carts may only be used on the golf course when the course is open for play.
3. Golf carts may only be operated by persons at least 15 years of age and have a valid automobile learner's permit.
4. Only two people and two sets of golf clubs are permitted per golf cart.
5. Car seats are not permitted to be strapped to a golf cart under any circumstance.

The cost of repairing a golf cart which is damaged by the Member, a Member's Guest, or a Member's Family shall be charged to the member. Each member and guest will be held responsible for any and all damages. The Member shall reimburse the Club and/or any operator of the Club for any and all damages the Club may sustain by reason of misuse.
10. Each Member accepts and assumes all responsibility for liability connected with operation of the golf cart.

GOLF COURSE ETIQUETTE

1. Anticipate your next shot and be ready to play.
2. The time required to "hole out" on and around the greens is a chief cause of slow play. Study and clear the line of your putt while others are doing the same. Be ready to putt when it is your turn.
3. When approaching the green, park your golf cart on the cart path most adjacent to the next tee. DO not leave your golf cart in front of a green.
4. When play of a hole is completed, leave the green promptly and proceed to the next tee, where you can record your scores.
5. If you are not holding your place on the golf course (see General Golf Rules) allow the players behind you to play through.
6. The golf staff will report slow play and all breaches of golf etiquette to the Golf Shop. Appropriate action will be taken by the professional staff.

OPERATION 36 GOLF

Operation 36 is a proven, effective, and fun way to learn how to play golf that focuses on the beginning fundamentals of the game. This program uses an organized curriculum to teach the basics of golf, provide fun competition, and meet new golfers also learning the game. The curriculum moves through 10 Divisions with their own respective yardages at each level - 25, 50, 100, 150, 200, and 250, with the goal to always be to shoot 36.

PRACTICE FACILITY

Practice balls are available for all golfing members and their playing Guests as part of the dues structure. Practice hours will vary based on the time of year with the range opening 30 minutes before the first tee time. Practice balls are for the use of the Range, and Short Game area not on the golf course for any reason.

If a Proprietary or Associate Member or their dependents bring a guest to the club solely to practice on the driving range or short game practice facilities they should come into the golf shop and let the professional staff know where the guest fee of \$30 for practice will be charged to the member.

Note: The driving range closes 1 hour before sunset, and the short game area closes 1 ½-hours before sunset.

STARTING TIMES

Members can make advance tee times online or by contacting the golf shop up to three days in advance. When booking a tee time please advise the golf shop in advance of all members and guests in your group, so the golf staff may make all necessary arrangements (rental clubs, guest tags, etc.). If your plans have changed and you are unable to play during the booked time, kindly notify the Golf Shop as soon as possible.

TRAFFIC ON COURSE

All play must check-in with the professional staff prior to beginning on the first hole. In order to begin play on a hole other than #1 permission must be granted by the golf professional. Please keep in mind that the acceptable pace of play at Oakridge is 3 hours and 45 minutes. The following is a guideline to help resolve conflict on the course regarding pace. A foursome has priority over a threesome, that has priority over a twosome, and all have priority over single players. That means if a foursome is on pace of 3 hours and 45 minutes, and a threesome, twosome, or single is behind the on-pace foursome. The foursome is not obligated to allow the faster group to play though. The faster / smaller group should do one of the following things:

1. Find a way to slow their pace to the 3 hours and 45-minute pace or
2. Look to skip a hole without remark to the on-pace larger group provided there is room available in front of the on-pace larger group.

Note: Although smaller groups do not have the right of way over larger groups, Foursomes that are on pace should be aware of what is in front of them and if there is room should allow smaller, faster groups to play though. Common courtesy should prevail in these on course situations.

SIZE OF GROUPS

The standard full group size at Oakridge is a foursome. However, the Golf Professionals can make exceptions to that to allow a group to go out in a fivesome. The players in the fivesome must keep pace with the standard pace of play of 3 hours and 45 minutes or keep pace with the group directly in front of them. If a fivesome is allowed to play and plays in more than the standard 3 hours and 45 minutes or fails to keep pace with the group directly in front of them, all members of that group will not be allowed to play in a fivesome during the remainder of the season.

GUEST PRIVILEGES

Guest privileges may be extended or limited under the rules established by the club from time to time. Although it is the intention of the club to accommodate guests without inconvenience to the members, the club reserves the right to limit the number of guests that accompany a member on a given day or over the course of a membership year. The club shall establish from time to time the rate of the guest fees, other charges, and the rules and regulations for use of the club facilities by guests. Currently, each Family Guest can play 4 times per month while each Guest can play 6 times annually. Guest privileges may be denied, withdrawn or revoked at any time for reasons considered sufficient by the club in its sole and absolute discretion.

**** The Policy will continue to be reviewed throughout the season for potential updates****

1. A particular individual using the club facilities as a guest must be registered by the sponsoring member of the club. The club reserves the right to require identification from each guest. Guests will be charged guest fees for the club facilities, as determined by the club.
2. Guests will be entitled to use the club facilities only in accordance with the privileges of the membership of the sponsoring member, and upon payment of applicable fees.
3. Guest charges will be charged against the sponsoring members account, unless told otherwise. The club accepts credit cards.
4. The sponsoring member shall be responsible for all charges incurred by the guest. The sponsoring member is also responsible for the conduct of their guests while at the club. If the manner, deportment, or appearance of any guests are deemed to be unsatisfactory, the sponsoring member shall, at the request of the club, request such guests to leave the premises.

PACE OF PLAY

Pace of play is a hot button topic at every club, with Oakridge being no exception to that. Culturally we would like all members to be concerned with pace of play and be aware of their own pace. In order to reach this goal and have a club that is known for great pace of play, it's important for all members to understand what is expected and some of the issues that can cause a slow pace of play.

Allowing groups to play through on busy days will create pace of play issues. Each time a group is allowed to play through there is approximately a five-minute delay to that group, and every group behind them. With a group on each hole during peak times, there is simply no room or extra time and playing thru is not an option. In this case, each group needs to keep up with the group in front, not simply keep ahead of the group behind. On days when there are open gaps on the course, groups are encouraged to allow faster groups to play thru. At times the slower groups may be required to allow a faster group to play through. In these cases, the Golf Shop request must be honored. The golf course is here for the enjoyment of all our members and their guests and allowing multiple groups to play thru should signal to you, that you are a pace of play problem. When other groups are approaching your group from behind, please keep in mind the following things:

- When/where is a good time/place to let the group play thru?
- Is there room to let them through or is every hole occupied?
- Do I need to pick up my pace?

Rules of letting groups play thru:

- Slower players allow faster players to play thru (Singles have no status on the golf course).
- Signal the group your intent to allow them thru (wave your arms).
- Continue to advance your position on the course as the group is playing thru (ex. if you were on the green, continue to putt while the group playing thru is driving to the green).

For additional info on pace of play and allowing groups to play thru [click here](#) to watch a video.

Periodically members of the golf staff will be on course assisting groups with pace of play. At times, they may suggest or require you to allow a faster group behind you to play thru. The golf shop staff request must be honored. The golf course is here for the enjoyment of all members and their guests. To that end, the Board of Directors have determined that a reasonable time to complete a round of golf is 3 hours and 45 minutes or less is the pace of play standard at Oakridge. Therefore, allowing multiple groups to play though your group should signal to you that you need to find ways to decrease the time it takes to complete a round of golf. Please understand that this is constructive criticism intended to help you and your pace of play. Playing at a reasonable pace is not a difficult task and does not require tremendous skill. It requires a few simple things:

- Be ready to play when it is your turn (Play ready golf).
- Drive your cart partner to their ball, drop them off and proceed to your ball, you do not need to stay and wait for a cart partner to hit.
- Limit the number of practice swings to one.
- When putting, continue putting if your ball is near the hole versus marking the ball and allowing others to putt. (Be aware of others putting lines).
- Do not take undo time to hit a shot; study your shot quickly and play on (much of this can happen while others in your group are playing).

- If walking to your ball from the cart, take multiple clubs to ensure you do not need to return to the cart for a different club.
- Limit conversations to the time between shots in the cart and after the round.
- When finishing on the green quickly to the next hole to record scores. There is plenty of down time on the next tee while others are teeing off.
- If you are struggling on a hole it is ok to pick up, this is a game that is supposed to be fun.

MUSIC ON THE GOLF COURSE

Music is allowed on the golf course within the following guidelines; the volume must be kept to a reasonable level so other groups on adjacent holes cannot hear the music. It is the responsibility of the players who would like to listen to music to ask permission from their playing partners, before turning on any music. If any player in the group does not want music to be played, please respect and abide by their wishes. In an effort to maintain traditions of the game, music will not be allowed during all Club Championships.

POSTING OF SCORES FOR GOLF ROUNDS

The golf staff at Oakridge will assist members in the posting of 9 and 18-hole rounds of golf played home and away. All postable rounds played at Oakridge utilizing Golf Genius (Board approved groups and Club tournaments) will be posted by the Oakridge golf staff.

Members are also able to post scores on their own using the USGA app on their electronic devices. The World Handicap System allows for a playing conditions calculation that will automatically adjust scores submitted daily based on the playing difficulty of the day. It is important for members to post their scores on the day in which the round was played as all scores posted will contribute to the playing conditions calculation. In the new World Handicap System, you are encouraged to post your scores hole by hole or per 9 holes instead of an 18-hole score. In accordance to USGA rules, scores will not be accepted when a player plays alone.

HANDICAPS

1. Handicaps are computed under the supervision of the Golf Shop in accordance with the current World Handicap System.
2. All Members and their Guests with a WHS approved handicap may participate in club tournaments. All handicaps submitted may be reviewed by the Golf Shop and Handicap Chairman.
3. The Golf Shop may assist you with posting scores. Members are responsible for posting all scores on a daily basis. Any Member failing to turn in a score shall result in a score being posted that is equal to his / her lowest score on record.
4. The Golf Shop and Handicap Chairman reserve the right to adjust handicaps for club tournament play. The Club also reserves the right to deny any member entry into tournament play for handicap manipulation.
5. Oakridge reserves the right to audit the tee sheet to check for members who are on the tee-sheet and playing with at least one other player. If a score is not posted for that day, the golf shop staff can post the player's lowest score in their 20-score history.

The ball must remain in the same condition it was found in meaning if the selected ball is in the bunker it must remain in that condition for both players. Red fairway markers are at 75 yards, White fairway markers are at 150 yards, and Green fairway markers are at 200 yards. *Entry Fee is \$125 per couple.* Registration opens 2 weeks prior to the event date. SEPTEMBER 26 – * FALL CLASSIC (Men). The format for this event is an **Individual Chicago**. Chicago is a points game. Each player will be given a quota. The quota is determined by subtracting the handicap from 39. For example, if a player has a course handicap of 20 they would subtract that from 39 (39-20) = a 19 pt quota. Once the quota is determined, players accrue point on point on each hole in the following manner. 1 pt for Bogie, 2 pts for Par, 4 pts for Birdie, and 8 pts for Eagle. Add the points up for a total, subtract the quota and hopefully you are on the + side of the +/- scale. The better you play the higher the points. *Entry Fee \$55 per player and includes breakfast*.
